

QUICK PICK-
our bestselling all-star!

“Stands out... because of its remarkable “you are there” environments that serve as the starting point for children’s explorations.” —Parents Magazine

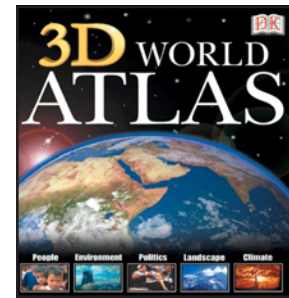

“A rare combination of art, imagination, and knowledge that makes learning fun... captures that time of our lives when all things were wondrous.”—PC Computing

(four stars)****
—Children’s Software Revue

“A star is born.”
—PC Reviewer’s Choice

“As a reference tool for astronaut wannabees and amateur astronomers, this disk offers superb presentation and surprising depth of information.”—Business Week

Ages
5-12

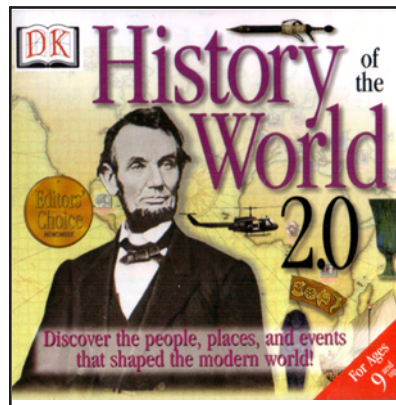

Newly revised and updated to reflect current world events, this program contains extensive demographic information, an almanac and the cultural and political coverage of an encyclopedia. As a 3D reference, it also covers topographical issues from the global “big picture” to the smallest territory. You can view the world through compelling cartographic maps, dazzling images, and exciting 3D graphics.

“One the best interactive geography software titles we’ve seen for kids ages 5-9.”—thereviewzone.com

“Outstanding. Rated five on a scale of one to five—
Multimedia Schools magazine

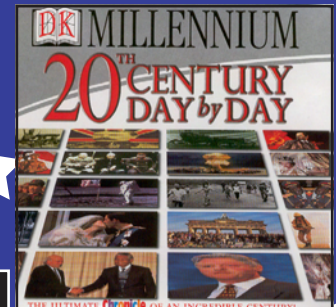

Newsweek Editor’s Choice Top 50 CD-ROMS

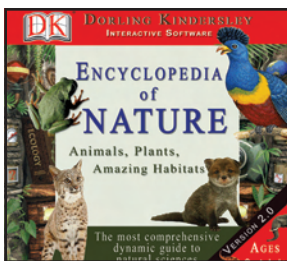

“The gold standard in serious fun.”
—Wired Magazine

“A fascinating reference.”—
Family PC Best Software for Families recommendation

“Grade A+ “Deliciously retro interface: a shadowy newsroom with a cluttered desk and bulging file drawers...gives the hunt for history a cozy feeling.”—Parenting

Celebrate American History!

“A captivating approach... can’t be beat for breadth of content, beauty of images or elegance of interface. Grade A”—Houston Chronicle

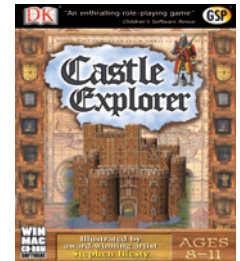

“Terrific pictures and video and brilliant screen designs...it’s a beautifully crafted program that kids will enjoy and learn from.”
—Today’s Parent

“An excellent tool to introduce history to your child.”
—childrensroom.com
