

# DORLING KINDERSLEY

## INTERACTIVE SOFTWARE

### Dorling Kindersley Teaching Pro series

The first DK-branded math programs for middle and high school students!

#### Helps Students Master the Math Curriculum—Fast.

Dorling Kindersley Teaching Pro series delivers comprehensive coverage of math subjects with interactive strategic lessons that support state standards and follow grade-based curriculum from 6th grade through high school. Using self-paced learning, stress-free quizzes and interactive lessons, these programs will build students' math knowledge and increase their confidence as they become math experts and breeze through homework and tests!

Much more than a math review, these programs are an exciting learning experience that adapts to different learning styles and levels, deepens students' understanding

of math and rewards them with results: better grades!

Master a topic in three effective steps. Start with a colorful presentation of a key concept. Then learn how to apply it, step-by-step, with easy-to-follow examples. Finally, practice makes perfect with problem sets and real world applications.

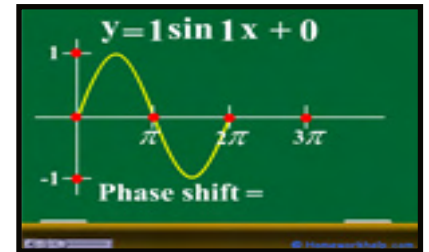

An easy-to-understand, flexible approach empowers students to click on different study modules at their own pace. As they progress they can also follow math topics that attract their interest which will motivate them to continue learning.

Three different grade-based programs, each focused on different math learning modules:

**Dorling Kindersley Teaching Pro: Math Complete**

**Dorling Kindersley Teaching Pro: High School Math**

**Dorling Kindersley Teaching Pro: Middle School Math**

Win 2000 XP Vista

#### Program Features:

Step-by-step learn-and-quiz approach

Animated visuals and concise audio instructions from friendly tutors

Tips and tricks that you won't see in a textbook

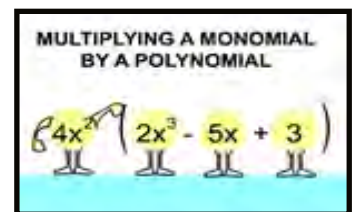

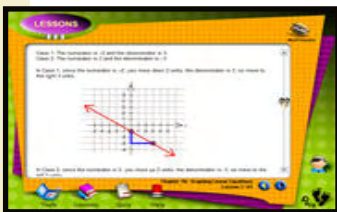

Fun arcade games

Thousands of in-depth lessons and exercises

Adapts to different learning styles and levels

Tracks progress

Learning software to supplement middle and high school curriculum

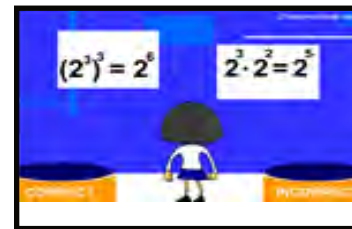

Exclusive publisher of  
Dorling Kindersley CD-ROMs

**Ages 11-18**  
 (best value for the  
 FULL curriculum)

**Ages 14-18**  
 (value-priced for targeted  
 grade range)

**Ages 11-18**  
 (value-priced for  
 targeted grade range)

**FEATURES:**  
 More than 1900 Interactive  
 Quiz Questions  
 388 Standards-based lessons  
 More than 700 extra learning  
 modules  
 346 skill-building animations  
 Searchable database of math  
 terms  
 Comprehensive study aid for  
 mandatory state tests and  
 college entrance exams

**FEATURES:**  
 More than 800 Interactive  
 Quiz Questions  
 226 Standards-based lessons  
 More than 500 extra learning  
 modules  
 193 skill-building animations  
 Searchable database of math terms  
 Great study aid for college entrance  
 exams

**FEATURES:**  
 More than 800 Interactive  
 Quiz questions  
 96 Standards-based lessons  
 11 extra learning modules  
 94 skill-building animations  
 Searchable database of 500 math  
 terms  
 Great basic math review
